

## The Historic Hatch House: A Modern Kitchen in a River Forest Victorian

Colleen Garvey & Andre Bonakdar

Colleen and Andre share a love for older homes. When they outgrew their Craftsman-style home in Oak Park they found the Hatch House in River Forest that they purchased in 2017.

Over the last 5+ years, they've continued to restore and reinvest in their home. Although they made a few changes to their first home - that project was immaterial compared to their current home.
