

OPEN CALL FOR ARTISTS: DIGITAL MURAL COMPETITION

Juror: David Sokol

In Frank Lloyd Wright's original design of Unity Temple, the Unity House community gathering space included a landscape mural above the fireplace. A juried competition invites artists to create a digital mural, with the selected images projected above the Unity House fireplace as a temporary digital installation during the Symposium of Art events.

- Entry is open to both U.S. based and international artists, ages 18 and over.
- Only DIGITAL entries are permitted, addressing nature and contemporary ecosystem themes.
- Entries for the digital mural competition must be submitted via high-quality images in JPEG/JPG or PNG PANORAMIC formats. 3:1 aspect ratio, or 16:9 format. 300 DPI. Note: Selected images will be projected directly onto the (light brown) surface over the fireplace. See mural projection logistics in the image below.
